

PARENTS OF STUDENTS IN SPECIAL EDUCATION!!

- + Would you like to meet with other parents who are facing the same challenges as you?
- + Do you have questions about your child's schooling, services, and needs?
- + Would you like to be better informed about the community and state resources available to you?

The first meeting of a new parent support group will be Thursday evening, January 26, at the Elkhart YMCA, from 7-8:30 in the upstairs ADEC wing.

This group is intended for parents of children with any disability. We plan for the meetings to include speakers, information on local resources, and time for networking with other parents.

The first meeting will be an organizational time as we hash out a schedule, desired topics, child care issues, and other details. Come and let your opinions and voice be heard!

Questions, suggestions, opinions?
Call Viv Blakeslee at 574-294-6197, ext 105
